(54) FLEXIBLE PTC HEATING ELEMENT

(57)Abstract:

PROBLEM TO BE SOLVED: To provide a flexible PTC heating body having stable PTC characteristics and high reliability.

SOLUTION: The flexible PTC heating body has an arrangement, in which flexible electrodes 4 and a flexible PTC resistor 5 are held and impregnated in a layer 2 of a flexible substrate 1. Relative positional relation between the electrodes 4 and the resistor 5 is maintained, to provide the heating body of high reliability.
